

AN ISO 9001:2008 CERTIFIED COMPANY
ONC-ATCB Certified EHR Product from CCHIT

CORPORATE PROFILE

Introduction:

Sajix is a leading provider of global healthcare information technology products. It operates in many countries and is continuously expanding globally. We provide the systems that enable healthcare providers to maximize their revenue cycle potential, while improving patient care with leading edge clinical information systems. We have the foundation, infrastructure, expertise, solution and support services to meet all of the client's healthcare requirements.

Company that Delivers Results:

Sajix mission is "Simplifying the Healthcare" by integrating the powers of Information Technology into healthcare services. Our seamless integration methodology provides a comprehensive approach to the complete lifecycle of healthcare applications and services, addressing the needs of the entire healthcare delivery continuum. Our application supports multiple facilities, languages and currencies, supports HIE integration capabilities such as supporting CCR and CCD standards and is backed by 24X7 customer support.

"Sajix has delivered a reliable integrated solution that helped us better leverage our workflow. We needed integration between the Hospital Information System, and our existing Payroll, Finance and Human Resources. The Sajix team was experienced healthcare professionals and they streamlined our company's workflow and improved processes."

- **Dr. David Jackson, Chief Medical Officer, Petroleum Company of Trinidad and Tobago**

"We have had a phenomenal experience with the Sajix support team. Selling a Hospital Information System is not the end point of a customer relationship, but rather the Sales Service aspect of the company is most important. Sajix has the best support team that I have ever worked with."

- **Dr. Father Paul Koonamparampath, Director, Jyothi Hospital, Orrisa, India.**
